

International Conference on Climate Action

Local Governments Driving Transformation
Kommunen gestalten die Zukunft

Hanover, 1. – 2. October

CV – Facilitation

Workshop 3: Taking Climate Action

Christine Krüger

***Research associate at the German Institute of Urban
Affairs (Difu)***

Graduate with Diploma in environmental engineering

Project manager of the service and competence centre for municipal climate action at Difu in Berlin. She advises the Federal Ministry for the Environment, Nature Conservation, Building and Nuclear Safety (BMUB) on the further development of the National Climate Initiative. She previously worked at ERM, adelphi and ecologic and has work experience with projects in Germany and abroad focussing on waste management, life cycles, industrial environmental protection and climate action.
