

International Conference on Climate Action

Local Governments Driving Transformation
Kommunen gestalten die Zukunft

Hanover, 1. – 2. October

CV – Speaker

Workshop 9: Climate-friendly Mobility in Rural Areas

Martin Scheuermaier

***Transportation planner at the Federal State
Administration of Vorarlberg, Austria***

Graduated with a Diploma in engineering

Martin Scheuermaier has been working since 1991 in developing the fees and schedules offered by the Vorarlberg transportation network in cooperation with the municipalities. Responsible for funding issues for public transportation (Federal State funding for public transportation) and since 2006 he has been the head of the coordination office for mobility management within the framework of the "Vorarlberg MOBIL" initiative. In this function his responsibilities include bicycle transportation policy, communication, awareness raising and combined mobility (for example, Bike&Ride).
